STRICT
SCREENPRINTING

„Don’t Call It A Comeback“

Since we started our business more than 20 years ago, the focus of our work remains music merchandising - because rock´n´roll and the matching image is a matter of heart for our crew.

Established in 1996 on Berlin´s Oranienstraße, between the legendary SO36 and Core Tex record store, STRICT is now located in the city´s music hub in the North of Berlin. Thanks to our exclusive neighborhood network, Pankow Park (www.pankow-park.de) offers everything from booking, ticketing, case building, catering, touring bus and PA rentals, stage construction and rigging as well as special effects. With the production of merchandising we now complete this-full-service package for the music industry.

Our 20 employees are looking forward to your visit and invite you to enjoy the view over Berlin from our 800sqm office space.

„Was Ziehst Du An Heut‘ Nacht“

Our showroom invites you to spend the day at STRICT and experience the latest trends and styles of our textile suppliers for yourself.
As a close distribution partner of high-quality Fair Wear brands such as Continental Clothing, Earth Positive, Stanley & Stella, Sols, Prairie and American Apparel, we consciously focus on quality rather than price. Using sustainable organic and fairly traded textiles is an important part of our company philosophy.
Together with you we find the right balance between price, performance and quality and will offer other brands, products and suppliers on request.

„Love Is A Four Letter Word”

Our in-house graphic department with more than 25 years of experience in color-separation allows last-minute changes even during proof-taking or when deadlines are just around the corner.

On request, we are happy to advise you on design and realization of your artwork. From pre-press to choosing the right pantone color - STRICT will not leave you on your own.

„No Control“

A small, family size team with many years of experience in sales and customer service advises you on the difficult selection of the right product and supports the implementation of your ideas. Whether it´s music or sports merchandise, fashion or industrial clothing - we will collaborate with you to create the most beautiful items possible.

Specializing in tour merchandising of musicians and artists - from newcomers to headliners - we are used to short deadlines and productions under difficult conditions. We accompany your tour with necessary enthusiasm and ensure fast replenishment of merchandise.

STRICT offers a full service around textiles: From manufacturing and sewing your own label, attaching hangtags and barcode stickers, as well as packaging into polybags - we produce for you the final product ready for sale.

„Verschwende Deine Jugend“

STRICT produces in multi-shift operation on three fully automatic MHM machines up to a maximum of 6,000 textile prints daily. Our core expertise is the production of high-quality and long-lasting screen prints with up to 10 inks. From photorealistic detail to long runs, we will meet your individual needs.
Our maximum print size is 42cm wide and 52cm high.

We print on a wide variety of materials - from cotton to polyester - as well as a diverse range of products. Not limited to only classic t-shirts; sweatshirts and pants, bags or gym bags? We´ll print it.
Of course, we also do effect printing such as discharge, neon, metallic, puff, reflector, glow in the dark and many more.

„Silver Machine“

Thanks to state-of-the-art computer-2-screen technology of our i-image screen exposure by M&R in prepress, we work flexibly and sustainably without film, foil and any plastic waste.

STRICT focuses on environmentally friendly work processes in screen washing and screen de-coating with Zentner automatic machines, one of the world´s leading manufacturers for the screen printing industry.
